

To,
Presidents of Sabhā-s in India

Jai Shaṅkar

The COVID-19 pandemic has been a time of unprecedented uncertainty for the entire humanitarian sector globally. In India, we witnessed how the two waves of Covid pandemic have adversely impacted many families. While some families lost their earning members, the lockdown also impacted the lives of families due to loss of jobs and loss of income for self-employed professionals.

With Blessings from H. H. Shrīmat Sadyojāt Shaṅkarāshram Swāmījī, Shrī Chitrāpur Math and Kānarā Sāraswat Association came together to formulate a Scheme to provide financial assistance to eligible Chitrāpur Sāraswat families affected by Covid-19 pandemic. In FY 2020-21 the 2 institutions together helped 59 families located in very small towns/villages, tier-2 towns or metros who were provided financial aid aggregating to ₹ 13.76 lakh.

We have relaunched the scheme this year and we intend to help 100 families this year.

While the Scheme has been publicised through announcements in Kanara Saraswat magazine and during the Standing committee meetings, it is responsibility to ensure that every eligible Chitrāpur Sāraswat family who is in distress is located and provided financial assistance.

To achieve this objective, I request help from each office bearer of the Local Sabha to give maximum publicity to the scheme and identify Chitrāpur Sāraswat families needing financial assistance so that they send their application under the scheme.

Sabhā Pratinidhi-s are requested to send us their details (name, phone & email) by WhatsApp on +91 8879557536 or by email to covidsupport@kanarasaraswat.in on or before **15 November 2021** so that the team will get in touch with them.

Strict confidentiality will be maintained by both SCM and KSA.

Looking forward to your support.

Warm regards
