

Jai Shankar

Namo Namah to all the Sanskrit Sadhakas.

With a view to make the learning of Sanskrit more interesting we have appended below stories by our Teachers. These are specifically written with a view to exemplify some of the portions in our lessons like नामधातु, णिजन्त, त् कारान्त शब्दाः and so on.

You may find in some stories the present tense is used in places where परोक्ष भूतकाल could be appropriate e.g. stories pertaining to Mahabharata. However, the present tense is specifically used, as, at certain level of our curriculum, the परोक्ष भूतकाल is not yet introduced.

We hope, you find these enjoyable and instructive as well, since in these stories, you will come across usage of word and sentence forms learnt in the curriculum.

Girvanapratishtha thanks the users for the response to our course, prepared under the guidance of our revered Guru Shrimat-Sadyojat-Shankarashram-Swamiji of Shree Chitrapur Math, and we hope, you will benefit from this course as we had intended.

We welcome your responses.

शुभं भवतु ।
